REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Warren Shool District:

The report of the school nurse showed the following figures:

Plymouth High School	28
Woodsville High School	5

TEACHERS

Howard R. Kimball	Glenclyff
Lilla M. Mitchell	Intermediate Room
Marion E. Powers	Primary Room
Persis L. Doe	Grammar Room

The above figures show that the enrollment for

this year is somewhat less than that of 1939-1940. This is largely accounted for by the unusually large number who finished the eighth grade last June. As there are not so many in this grade this year, we should not look for much change in the size of the schools for a while.

The regular work of the schools is progressing well as are certain extra-curricula activities. From time to time plays and special exercises are given while the G. I. P. Club furnishes program experiences and practice in parliamentary procedure. The pupil patrol offers protection to the small children and gives training in responsibility to the older pupils. Carpentry and cooking make it possible for pupils to explore new kinds of work and discover talents not called for in the regular class room work.

At present both buildings are in good repair and should not require much outlay for upkeep. It would be advisable to stop the leak in the roof of the village school and then repaint those rooms where the walls have been stained. The installation of a boiler connected to the furnace, so hot water could be had at the sink, would be a great addition. This would not cost very much:

I would also like to recommend the construction of a rat proof cupboard for the storage of text books during the summer.

The school at Glencliff has become smoked up again and will probably need repainting inside, before another year.

Respectfully submitted,
EDWARD A. JANES
